## Trapped on the Fjord

*The Planet Rescue Club* is out on a boat trip when they discover illegal lobster traps in a cove. Who is poaching lobster in the sea? And isn't there something mysterious about the new boss of the village fishery?

*Trapped on the Fjord* (*Fanga på fjorden*) is the third book in the environmental thriller series for children (ages 6–9) about *The Planet Rescue Club*. Written by Ruth Lillegraven and illustrated by Jens Kristensen, the book also has a bonus section containing facts about the environment written by the journalist Ole Mathismoen.

The members of *the Planet Rescue Club* are Vanja, Sivert and Mo. They live in a small village in Western Norway. But even in a small, out of the way place, mysterious things can happen. Join the three friends as they hunt down environmental villains.

The first two books in the series, *The Black Swans* and *The Cabin that Disappeared*, were published in the spring of 2020.
