## Boathouse

One of Jon Fosse's most acclaimed novels, *Boathouse* is told from the perspective of an unnamed narrator leading a largely hermit-like existence until he unexpectedly encounters a long-lost childhood friend and his wife. Told partially in a stream-of-consciousness style and with an atmosphere reminiscent of a gripping crime novel, *Boathouse* slowly unravels the story of a love triangle leading to jealousy, betrayal, and eventually death.

*It is not necessarily the exterior, expansive drama that comes to determine our lives. Rather, it is the subtle, seemingly banal, and perhaps chance occurrences, that strikes us with consequences impossible to foresee or comprehend in dimension. Fosse convinces us of this, and it gives the novel unsettling perspectives.*
