THE
NOBEL
PRIZE

Stone to Stone

Stone to Stone was received with outstanding reviews, with several critics praising Fosse's ability to speak about the human condition, often bringing grand question of existence into everyday language.

Fosse characterizes this as a small effortless collection of poetry. In addition to the 39 poems, there is a psalm, "Night Psalm", which is included in the new Norwegian psalmbook.

A wonder of a little book. The collection comprises 39 poems and one psalm, and every single verse is a source for years of quiet meditation.
